

Why do you "TRASH" something that is the best thing since RADIO!!!! Before I would travel and constantly would be surfing thru the radio channels trying to find something decent to listen to... now, I can be anywhere (AND I HAVE BEEN) and I still have the same station there LOUD AND CLEAR!!!! You are interfering with my rights as an American citizen. I am DEMANDING, (I EARNED THIS RIGHT AS A RETIRED MILITARY MEMBER fighting for the freedom and rights that inturn gave you the freedom to "harrass" well organzied insititutions as the XMradio organization), that you, the FCC reject NAB petition 04-160. You should be looking into the the robbery that is being committed daily by the Cable companies in their ridiculous high rates that are being charged to the consumer. THANK YOU...

SFC (RETIRED) Jesus O. Pubill
